VICINITY NEWS.

The widow of the late Silas Cobb died at Kirksville, aged 65.

There remains but 61 miles of Madison county turnpike subject to toll.

The Nicholasville base ball club defeated the Danville six to five at Danville Saturday.

Capt. Biddle says an appropriation of \$9,000,000 will be necessary to improve Cumberland river from Nashville to Rockcastle River, Ky.

Five persons, four Royalties and F. T. Wilson have been arrested for burning the barn of Henry Shelton in Mercer and most of them are in jail.

Robert Ellis, of Casey, who has tried to kill himself before, took enough carbolic acid to end his troubles. His mind had been unbalanced for some time.

The store and post-office at Humphrey, owned by William McClure, was robbed of about \$200 in cash, \$50 worth of clothes, some jewelry and a lot of stamps.

THE Somerset Paragon makes deservedly complimentary mention of Mr. and Mrs. W. O. Speed, former Lincoln county people, who are preparing to leave that place.

Testifying in his own behalf in his trial for the murder of John C. Colson, Dugan, claimed that Miller, the chief witness for the prosecution, fired at him (Dugan) and killed Colson.

The Middleboro Herald says that \$20,000 worth of ginseng was shipped from there during the year ending July 31, nearly all of which went to China, where it is regarded as a panacea for all the ills that flesh is heir to.

The managers of the new Opera House at Somerset have made it known that they will not allow the ladies to wear high or broad hats at the entertainments there, and that they will not permit stamping of feet for applause.

By a fire which originated in the Green Hotel at Wilmore, it, the Wilmore Hotel and Barr's undertaking establishment were burned, while Whitman & Co's cigar factory and Jordan & Co's store were partially destroyed, causing a loss of \$20,000. Total insurance on all \$10,000.

W. T. Crosby, arrested at St. Louis for stealing jewelry and pawning it, said: "I came from Shelbyville, Ky. My great-grandfather was Isaac Shelby, the first governor of Kentucky, who was secretary of war under President Monroe. Through the Shelys I am a second cousin to Mrs. Belmont, the mother of the Duchess of Marlborough."

Mike Ryan, Frank Howard and Ed Benke, of Cincinnati; John Dutton, of Somerset, and Lewis Saunders, of Richmond, were held over to circuit court on the charge of having robbed Mondie Chambers and J. B. Ballou, of Tallapoosa, Ga., and John Owens, of Harrison, Tenn., of different sums of money, while they were waiting for a train at Mitchellburg.

Jake, Tom and General Williams, three brothers, kidnaped Lida Bays, a deaf mute, at her home in Knox county and fled with her to the mountains between Tennessee and Kentucky and have since been in hiding there. Last week the two latter were captured and lodged in jail at Barbourville, and it is said that Jake was lynched. It is also said that the girl will die.

It was noted several months since that Houston Ball, of Middleboro, had brought suit against W. P. Walton, of the Stanford Interior Journal, for \$5,000 alleged damages to the said Ball's good name. In the Bell county circuit court the editor won last week, as many friends among the press boys and elsewhere hoped he would. In this same connection we would like to inquire what sense or justice there is in compelling the defendant in a libel suit to answer in the plaintiff's county, often many miles distant, instead of in the county where the newspaper is published, and presumably where the damage, if any, has been done? Several years ago one of the Richmond papers said something about a man in Somerset that caused a libel suit. The Richmond editor was forced to answer in the Pulaski circuit court and, although he got out of the scrape, it was not until he had been put to a deal of expense exacted by an unfair law. Let's have some much needed legislation along this line.—B. J. Newton in Owenton Herald.

Judge Thompson, of Louisville, discharged two men arrested for fighting, saying that it took a brave man to use only nature's weapons, as in these days nearly every one carried a dirk or a pistol, and he said that he felt more like congratulating the men than punishing them.

Senor Canovas del Castillo, prime minister of Spain, was assassinated by a Neapolitan anarchist at Santa Agueda. The murderer fired three shots, one of which struck the prime minister in the forehead. The assassin was arrested.

A Paducah boy attempted to kill his mother when she refused to give him money with which to buy cigarettes.

LANCASTER.

J. W. Miller's peer, Nora L., got third money at Columbus, O., in 2:14 and he refused \$1,500 for her.

J. R. Haselden has bought the residence of the late Dr. Wm. Hoffman for \$1,250. Mr. and Mrs. J. E. Smith, of Jellico, are visiting the latter's parents, Mr. and Mrs. G. T. Farris.

I am indebted to W. B. Mason, our prudent circuit clerk, for a statement of the docket for circuit court, which convenes Aug. 16. There are 40 Commonwealth cases; 100 old equity; 15 old common law and 50 appearances.

A very small crowd attended the colored fair Friday, but some good stock was exhibited and Danville defeated Stanford in a game of base ball. On Saturday the crowd was somewhat larger but not sufficient to prevent the loss of money by the management. If a circus or Sretaw's hosiery show had been advertised a larger crowd would have attended.

The ladies of the Presbyterian church will give a lawn party at Mrs. John Gill's on Thursday evening for the benefit of the Mite Society. Refreshments will be served, the Lancaster band will furnish the music and a few hours of genuine enjoyment is expected. Admission 25 cents; children 15 cents.

The republican county convention Saturday instructed its delegates to vote for J. G. Bailey, of McGoffin, for clerk of the court of appeals, at the Louisville convention. They also endorsed the administrations of McKimley and Bradley. J. C. Napier, republican nominee for representative, withdrew from the race, because there is some dissatisfaction over his failure to support Hunter for U. S. Senator in the last Legislature, many of his constituents claiming that he was the nominee and desired his election because Gov. Bradley opposed him. This leaves both parties without a candidate for sheriff or representative.

Capt. I. M. Dann, who was nominated for sheriff by the democratic committee, has declined to make the race, and the committee will meet Aug. 16 to make another nomination. W. L. Lawson, who would have been his deputy, T. E. Adams and R. L. Elkin will likely present their claims. They are all worthy men and would serve the people faithfully. The committee should consider everything and nominate the man who can win and who realizes the fact that he has a race to make. They can not rely on the broken lines in the republican party, on account of the domineering spirit of the Bradley faction; for something may well happen before the election that cause them to move in a solid column, as one man. All we need is unity in our own ranks and old time majorities will be the result. No democrat has a reason or a right to vote against the nominee. His obligations are sacred and there is no honorable retreat.

MT. VERNON.

The protracted meeting will begin here Wednesday, 11th.

R. G. Williams is receiving hearty encouragement in his race.

Attorney Doss Lamb had a very interesting political letter in the Signal recently.

There will be a Sunday school convention held at Buckeye church next Saturday.

Car loads of fine building rock are shipped from Rockcastle every week. No finer stone can be found in the State.

A large number from Livingston attended the Masonic supper at London last Saturday evening. Mr. and Mrs. Woodall attended from this place.

The hail storm damaged the crops in this county to the extent of several thousand dollars it is thought. The blades of corn were literally torn into shreds.

Mrs. Doty and family, of Madison, are visiting Mr. and Mrs. Wm. J. Sparks. Mr. Allen, of Ohio, is the guest of Dr. A. G. Lovell. Mrs. Green, of Frankfort, was called here Sunday by the serious illness of her daughter, Mrs. W. C. Miller. Mrs. Cleo Brown and son, McKenzie, visited Mr. and Mrs. S. H. Martin, of Middlesboro, last week. Elders Owens and Hiddle will begin a protracted meeting at Buckeye Wednesday. Miss Risse Williams, who was playing the piano during the storm last Sunday, was slightly shocked by the bolt that struck the corner of C. C. Williams' residence. Miss Ray Jones is the guest of Miss Mattie Williams.

The demarest medal contest at Middlesboro last Friday evening resulted in Miss Florence Griffin winning the medal. A large crowd from here attended. The judges were Messrs. W. J. Sparks, C. C. Davis and Joshua Boreling. Much praise is due Miss Berda Martin for the excellent manner in which the young ladies acquitted themselves, each speaking so fluently as to lead the hearers to believe they had appeared before the public many times before this, which was really their first effort. A W. C. T. U. was organized after the contest, with Mrs. Lou Purcell, president; Miss Berda Martin, cor. sec.; Miss Mollie Houk, rec. sec., and Miss Bessie Houk, treasurer.

HUSTONVILLE.

John C. Goode, of this place, leaves Wednesday to take a position in the grocery store of George A. Goode & Co., at Covington.

Some of our colony at Crab Orchard are writing home to "please send some thing good to eat," and the next express carried boxes to them.

Misses Bertha McCarple, of Eminence, and Eva Collins, of Paris, are visiting Miss Jennie Carpenter. Misses Myrtle Phillips, of Harrodsburg, and Myrtle Drye, of Bradfordsville, are visiting the Misses Dinwiddle on Western Avenue.

Mrs. George U. Goode and two sisters, Misses Sherrell and Sue Parks, of Covington, are visiting the family of J. P. Goode. Mrs. P. W. Green and sister, Miss Mollie Wright, of Lexington, were in our city Saturday and were substantially entertained by Mrs. W. R. Williams and daughters Misses Agnes and Sweetie.

John W. (Romeo) Reil and family have decided to leave the haunts that have known them so long and move to near Paint Lick this fall—not moving on account of an unhealthy locality for John has grown from a 10-lb. boy to a 350-lb. man, but in order to farm on a more extensive scale, which he has arranged to do in that locality.

The wheat market here is just a little lively, with three or four buyers. The price has been forced up to 75c. A drop of 3c or 4c the last week in Chicago had very little effect on this market and the price gradually advanced all the week. 50c has been refused for some large crops to be delivered in 60 days and an advance will be made on this price the coming week.

A closely contested game of base ball was played here Saturday between the Stanford and Hustonville kid lines and resulted in a score of 15 to 14 in favor of Stanford. Our boys ask that you please request Mr. S. (we withhold his name for the present.—Ed.) in a confidential way to return them the ball he stole from them while here Saturday and they will not have his pliz sent to the rogne's gallery.

A young man left our town hurriedly one day last week for McKimley, after committing a breach of the peace here. Our marshal, bent upon enforcing the laws of the city, called up by telephone a certain young man at McKimley, in whom he had confidence, and deputized him to arrest said party on his arrival and hold him until he reached there. About 40 minutes later our marshal arrived at McKimley and found that the young man badly wanted, as well as the one telephoned to, had "gone to the woods." The grand jury will doubtless want to know more about this matter than those boys will want to tell.

Liberty.

Miss Dollie Cowden, daughter of Mr. George Cowden, is still quite sick. She is one of the most popular and intelligent young ladies in the county and her illness is deplored by everyone. Miss Julia Staggs returned a few days ago from a two weeks' visit in Hustonville. The family of Rev. J. Q. Montgomery have gone to Stapp's Springs, Adair county, for a few weeks stay. Miss Daisy Gibbins, of Knoxville, is visiting her sister, Mrs. H. W. Wilkinson, here. Miss Lucy Bell, of Danville, is visiting the family of her brother, Jailer Tom Bell.

Circuit court is still in progress and according to Judge Jones is likely to continue most of next week. Good crowds have been in attendance every day. Mrs. Patsy Marbler has been awarded a judgment of \$250 against the estate of her brother, the late Joseph Napier, of Phil, this county. Fred Goode, of Kidd's Store, was acquitted for shooting John Price, of the same place, the 5th of last November. The case against Wm. Shelton for shooting Jesse Fox, Jr., at Danville, has been compromised. Something like 100 indictments have already been found by the grand jury and many more are expected. It is said that many of them are the result of malice and will not bear investigation.

In every issue of the Courier-Journal a stinging pain caused by the punctures of Editor Walton's quill is very noticeable. Editor Walton is a thoroughbred democrat to the core, who believes in fighting politics in party conventions, and when that is ended to join hands with the majority of his party and lend them all the assistance possible to annihilate the enemy. Keep the good work going, Bro. Walton, and it won't be long before the old devil fish on the corner of Fourth and Green streets will be too weak to pull back and too sick to cry for virtuous tonic prescribed only by its specialist, Billy Breckinridge.—Pat McDonald's Frankfort Western Argus.

Gold ore running over \$60 to the ton has been discovered in Hardin county and the people are almost as much excited over it as the country generally is over Klondike.

LEWIS DEMARCUS SAMPSON.

In evidence of what pluck, ambition and energy will accomplish, we present a short sketch of the life of Lewis D. Sampson. In 1870, Feb. 18, he first saw the light on a farm in Laurel county and now, almost unaided either by money or influential friends, he is the head of the department of journalism in the Normal College at Valparaiso, Ind. After obtaining a fair education at the Laurel Seminary at London, he moved to Barbourville and during the years of '90 and '91 edited the News of that place. He then took a law course at the college in which he is now a professor and in 1892 returned to Barbourville and founded the Herald, which he conducted very successfully and with ability till the plant was burned out in December, 1892.

He then went to Louisville and for a time traveled in the interest of Fetter's Southern Magazine and subsequently did the same work for the Louisville Post, for which he put in agencies and appointed correspondents all over the State. The management of that paper recognizing his worth made him assistant telegraph editor. Afterwards he was connected with other of the Louisville papers and in June, 1894, was made telegraph editor of the great Commercial-Gazette at Cincinnati, by the manager, Mr. Heath, who is now first assistant postmaster general. Afterwards he was editorial writer on the Kentucky Post and again returned to the Commercial-Gazette, now Tribune, for which he was Kentucky editor and political traveling correspondent. He was still with that paper when notified of his present selection and still retains connection with the great sheet. Mr. Sampson is a remarkably rapid and fluent writer and has a natural nose for news with a quick perception of the situation. His letters during the campaign of last year from many points were highly interesting and of considerable figure in shaping results. His knowledge of public men and affairs is remarkable and he is always able to put it to good account.

Mr. Sampson is making a decided success of his department in the Valparaiso College, as he does of everything his hand lietheth to do, and its permanency is now an assured fact. He is a man of good address, handsome and genial, and if he does not climb to the top of the ladder of fame, his upward course, past and present, go for naught as indications.

In 1864 there were 598 national banks with \$85,800,000 capital. In 1892 the highest point was reached, with \$160,000,000 capital and \$1,779,300,000 deposits, loans and discounts. Since then the number of such banks has steadily decreased.

Mrs. Pulaski Leeds, wife of the superintendent of machinery of the L. & N., is said to have fallen heir to a large estate by the death of an uncle in Oklahoma, who recently came there from South America.

The latest official estimate of the population of the United States is 77,000,000, which also says that the holdings of money is \$23.53 for every man, woman and child.

A Word To You.

Having considered the question from almost every standpoint, we have decided to adopt the

THE CASH SYSTEM,

Beginning July 1, 1897, believing that it will be more satisfactory to both buyer and seller. No bad debts will accumulate, consequently we can sell goods cheaper. It will take much less capital, our expenses will be less and there is every reason why the cash system will prove satisfactory. We only ask you to try it awhile and if you find it is not to your advantage, we will not kick on your buying from merchants who sell on credit. We are satisfied we can sell you goods from 10 to 25 per cent. cheaper than the credit men and this should certainly be an inducement to you. Very truly,

EDITOR DYCHE denies that Powderley's name was sent to the Senate for confirmation as commissioner of immigration and asks us to state the page of the Congressional Record, which tells of such action. If the learned and astute gentleman, who thinks he knows it all, will cast his eagle eye on page 3,057 and under date of July 17, 1897, he will find that as usual we know what we are talking about, when it comes to matters of importance, and not as to the color of one's hair. There were numerous protests from labor unions against the confirmation and the Senate pigeon-holed the nomination. After it adjourned the president in payment of a pre-election promise re-nominated the professional labor man and he has since qualified and taken charge of the office. McKinley in so doing practically saying as Vanderbilt did of the public: "Laboring men be d—d, what's the use of paying any attention to them?"

In this week's issue of the Frankfort Capital, Editor Forrester turns his batteries loose upon the auditor's office which he says is suffering from aggravated but unprovoked attack of what is technically known as "periphrastic expansion," due principally to the deputy auditor, who knows all there is to know and solves great financial and legal problems so fast that occasionally one slips through the mill without being properly ground. The Capital is certainly the freest lance in journalism ever known in Kentucky and the devilish republicans fear it and tremble.

A YOUTH named Liebbe from St. Louis got himself into trouble in Louisville by trying to take liberties with a Miss Bayless with whom he was driving in a hack. He was arrested and held in \$5,000 bail, but at this distance it seems to be a case of much ado about nothing. Miss Bayless knew the young rascal was drunk when she started with him and is not altogether deserving of sympathy for what afterwards transpired. The youth, who is just 20, seems to have more money than brains and a fondness for women and wine that may yet prove his death.

ALL the white deputies resigned when the Negro took charge of the collector's office at Atlanta. The appointment of Negro officials over white democrats is a pretty good scheme of the republicans to render the civil service law nugatory. They know they won't stand it and thus they are able to fill their places with white republicans, who do not mind sleeping three in a bed with a Negro if there is office and money in it.

THERE is a woman at Parkersburg, W. Va., who has for years presented her husband with a child on each first day of August and she didn't forget to attend to this little business when the day rolled around last week. The old man likes promptness and regularity, but says that there can be even too much of a good thing and has entered a firm and energetic protest to a further exhibition of it in this line by his wife.

WE hereby make the amende honorable to Editor Dyche, of the London Echo. Laboring under a misapprehension of the situation, we referred to him last week as a "red headed galoot." Since then indisputable evidence of the erroneousness of the first part of the charge having been presented, we withdrew it and say that if he is a galoot at all, which we are beginning to doubt, he is not a red headed one.

A WEATHER prophet at Lexington, who, the local papers say, never misses in his predictions, says that next winter is going to be the longest and coldest on record. There is some consolation for you, who have been in parboil. Hasten the happy time. Death by freezing is said to be a big improvement on death by boiling.

THE Tennessee voters very sensibly defeated the proposition to call a constitutional convention. They knew from Kentucky's experience that it is better to bear the ills they have than fly to others that they know not of.

THE editor of this paper has been honored by President Loving W. Gaines with the appointment of delegate to the National Editorial Association that meets next year in Denver, for which he is duly grateful.

THE effort to run a republican-bolter paper in Bowling Green is proving a barren ideal. Dr. Wm. Turner, a stockholder, says it is being run into the ground and asks the court to appoint a receiver for it. The Daily Press, as it is called, a weak and puny journalistic bunting and its demise would occasion hardly a ripple in newspaper circles.

LATER.—The shebang was closed up on attachments from the paper supply house. It never will be missed.

CAUGHT dead to rights in his effort to palm off republican machine editorials as original, the little tumble bug of the Richmond Pantagraph rolls and tumbles in blind fury and advises us to attend to our own business. There was no occasion for the outburst of indignation and invective, but we shall take him at his word. Hereafter all amenities and courtesies between this paper and his cease and we would advise him if he values his personal safety to let us severely alone in the future.

THERE is one strike at least that was backed by public sentiment there and elsewhere. The Northern proprietors of a cotton mill put Negro women to work side by side with white women and girls at Atlanta. The last one of them marched out and they didn't march in again till they had carried their point. Negro equality even in the workshop went go in the South and Northerners are fools to try to force it.

THE pension commissioner's report just issued shows that there are 983,528 pensioners now on the rolls, 50,101 having been added during the 32d year after the war. There were 31,990 deaths, making the net increase 12,850. It takes nearly \$150,000,000 a year to pay pensioners now and that's why it is necessary to increase taxation and put a heavier burden on people who are getting mighty tired of it.

THE credential committee of the republican State convention which meets in Louisville to-day, will be no sinecure. There will be contests till they can't repose, many of the county meetings splitting and sending two lists of delegates. The g. o. p. is in a mighty bad way generally. It is ripped from stem to stern by factional differences and is only partially held together by the hope of pie.

ONCE upon a time a woman was told of the sudden death of her husband while she was eating her dinner. "Just wait till I get through, if you want to hear me scream," she said as she quietly finished her meal. Mr. Waterson comes back at us in his Courier-Journal yesterday and if you want to see us eat him up again, just wait till our columns are not so crowded.

THE Paragon says that Palaski has 159 free schools, all except 10 being for white children. It is safe to say that the next generation won't be as ignorant as this and then the county will go democratic.

COL. CRADDOCK says he paid 50 cents for a dinner at the Richmond fair. Inconceivable, incredible, improbable! The old man was never known in his long life to spend a cent for anything.

POLITICS

The Ohio boltercrats will nominate a full State ticket to help Hanna carry the State.

Fayette county republicans gave Gov. Bradley's administration a hearty endorsement.

Russell republicans nominated a county ticket and W. T. Sharp for representative from that county and Casey.

The following conundrum by the Capital is as yet unanswered: While the judges in the jackass ring are trying to decide between Deboe and Franks for the "blue ribbon" at the coming convention, how is it that nobody seems to have thought of Bill Lyons?

Speaking of the A. P. A. leaders the Frankfort Capital is moved to say: A more miserable lot of cowards cannot be found than these loud-mouthed, black-guards, who love to gather behind closed doors and send the foul air of the "council rooms" with dire threats against nuns and decent men who are far away.

JAMES P. BAILEY WILL ACCEPT.

Messrs. L. S. Elder, J. R. Brooks, Dr. W. M. Doores, L. G. Gooch, C. G. Caldwell, Bradley McMullins and others:

Gentlemen—When in April last the nominating convention of the democrats of Lincoln county chose another over me as the candidate of the party for the office of Lincoln circuit clerk, I was perfectly content to abide by that decision. It was the voice of the party which has so often honored me and I immediately placed myself in line with those democrats who hold themselves ready to support the party organization. I was not only content, but had become pleased with my place in the ranks, while others led. I can sincerely say that I am reluctant to leave this place which has proved so agreeable to my feelings. But your very flattering call, as well as many similar requests which have followed it, makes me mindful of the weight and extent of my obligations to my party, and while I would not of my own choice seek the honorable and responsible office for which you in such complimentary terms ask me to become a candidate, I believe it to be my duty to say that if the party, in the manner prescribed by its constituted authorities, desire that I should be its nominee for County Judge, I will accept the honor and try to the best of my ability to show that I appreciate the honor and the responsibilities conferred upon me. Very respectfully,
 JAMES P. BAILEY.

THE REPUBLICANS

ENDORSE MCKINLEY, BRADLEY, DAVISON, DINGLEY HULL AND KING AND RECOMMEND THE LATTER FOR SENATOR.

The republicans met in convention yesterday, when Editor E. W. Spidell was called to the chair and B. G. Alford made secretary. The chairman then presented the following resolutions for consideration and they were unanimously adopted:

Resolved 1. That we approve of the call for the State convention.

2. That we heartily endorse the administration of President McKinley and congratulate the people of the country on the passage of the Dingley bill, which is now bringing a return of prosperity to the country. We condemn the present civil service law and especially Cleveland's extension thereof which retains men in office who have never stood an examination as to their qualifications. We ask for a suspension or modification of the civil service law, so as to make it just and practicable in its operation and prevent a life term in office.

3. We endorse the republican State administration and commend its efforts in protecting the financial credit of the State. Also heartily endorse Gov. Bradley's course and efforts to suppress mob violence and to enforce the law.

4. We heartily approve of the course of Hon. B. B. King as our member of the Legislature and commend him to the people of the 18th Senatorial district as a suitable candidate for the Senate.

5. We also heartily endorse the work of our Congressman, Hon. G. M. Davison, and commend his course in recording his vote for the Dingley bill, thus carrying out the wishes of his constituents and bringing peace and prosperity to the masses.

6. The following persons are hereby named as delegates to the State convention: G. M. Davison, A. A. McKinney, E. W. Spidell, J. F. Cummins, George Hurst, W. D. Thadiff, G. W. Gentry, Cesar Minor, J. L. Totten, R. L. Davison, B. B. King, Chas. Butcher, Thomas Terry, Joseph Phelps, B. B. Bright, Steve Blankenship, Thomas Phillips, J. A. Chappell.

She is a member of his theatrical company and will be his leading lady the coming season in more senses than one. James F. It is more than likely that the next the public hears of the couple, it will be in the divorce courts.

OUR old Casey county friend, J. A. Estes, who has been president of the Middleburg & Yosemite pike for years, has, we are told, given up that office which he has filled so efficiently. During his presidency he paid to the stockholders \$62.75 on the \$50 share, and when he resigned the directors very sensibly gave him a complimentary pass over the road for all time to come.
THE little child, Albert Padgett, who was burned so badly at the poorhouse when his mother was burned to death last fall, died Sunday, Mr. J. T. Chadwick, the keeper, tells us. He says that while the burns healed, they left the skin so tightly drawn over the flesh and bones that it never grew at all, its little limbs being smaller than one's finger.
FOUND DEAD.—Alex Walker was found dead in bed Friday morning. He was one of our most worthy colored men, but it is said that since he was hit on the head by a piece of wood that Tom Carter threw from a train at him, he has never been right mentally. Carter was indicted and tried for the offense in October, 1890, and given three months at hard labor. He was a brackman and was afterwards killed.
A COMMITTEE composed of republicans has been searching the court records here for a list of those republicans who have been sent to the penitentiary and have served their terms, in order that they may get Gov. Bradley to restore them to citizenship so as to participate in the November election. The rads are leaving no stones unturned in their efforts to keep Lincoln county in the republican column, but we hope and believe theirs will be a case of love's labor lost. The better people are tired of republican misrule and will speak in no unmistakable terms with their ballots when the opportunity presents itself.
LARKEN EDGE, the "flower of the year," as he used to call himself, has at last driven across the river and let us hope now rests under the shade of the trees. The Monticello News says he died a few days ago after spending his last years as a Christian should. Larken was an ideal stage driver and many will remember him who ever took the trip by that mode of travel to Somerset in the years ago, for as the News says, his greatest ambition in life was to be a "reinsman" par excellence and for many years his thin, bony form could be seen in the regulation slouch hat, whip and reins in hand moving his stage along more proud than a king on his throne.
WHEN Gov. J. R. Hindman spoke at Liberty last year for the bolteratic nominees he had a very small audience which fact rather displeased him and it is said that he told his hearers that it would be the last political speech they would ever hear him make. The regret such an announcement caused can hardly be described, but as the man who thinks he is running for appellate clerk has changed his mind and decided to speak there within the next few weeks the Casey county people are naturally very jubilant—in a horn. There are only three "National democrats" in Casey and as two of those will support Mr. Shackelford it seems to us that a private conversation would do as much good as a speech and we suggest that Mr. H. call on the lone gentleman and tell him his tale of woe to his heart's content.

DEMOCRATS will remember that next Saturday at 2 o'clock district conventions will be held at Crab Orchard, Stanford, Hustonville and Waynesburg to send delegates to the convention to meet here Monday, Aug. 16, to nominate a candidate for county judge. The district conventions are also charged with the responsibility of nominating candidates for magistrate, and as the office is one of the most important in the county, good men only must be chosen.
RADS NOMINATE.
AFTER TRIALS AND MANY TRIBULATIONS THEY NAME A COUNTY TICKET.
The republican committee wrangled for two hours yesterday on a nomination for county judge and at last selected John A. Chappell, who claimed to be a democrat till he got turned down. He is now a guard in the penitentiary. There was no opposition to J. F. Cummins and he was nominated for county clerk.
John M. Johnson, also a democrat till he was beaten for assessor, was nominated for circuit clerk.
T. J. Clifton was nominated for county attorney.
J. C. King, always a republican, was nominated for sheriff.
Miss Kate Blain was nominated for county superintendent without opposition.
Joseph Phelps got the nomination for jailer.
W. Randall Cook for assessor defeated H. D. White, a democrat until a few years ago, and Butcher, the Negro, who never was in it.
Johnson Crow, a German, was nominated for coroner.
It was six o'clock last evening before the last nomination, that of representative, was made. H. D. White was nominated.
It's a monstrous poor lay-out.
And will be beaten just as easy as rolling off a log!
TEACHERS' INSTITUTE.
The Lincoln county teachers met in annual session yesterday at the College Chapel. Dr. Wm. Shelton led in prayer and Miss Pearl Phillips presided at the organ during the singing of several hymns. The opening address was delivered by Prof. E. L. Grubbs, which was responded to by Logan R. Hughes, both gentlemen acquitting themselves very creditably. L. R. Hughes was then chosen secretary and Miss Georgia Lewis, assistant. The superintendent, Miss Kate Blain, made a short address closing with the introduction of Prof. T. C. Cherry, of Bowling Green, as instructor. He outlined the methods to be pursued during the week and judging from his efforts last year, the teachers know that he will make the Institute interesting.
The following teachers were present and enrolled: E. L. Grubbs, Annie McKinney, Fanny Spears, Nora Phillips, Fanny Underwood, L. R. Hughes, N. W. Hughes, Helen Thurmond, Pearl Phillips, Florence Bibb, Kate Bogie C. K. McClure, Maggie Sacray, Grant North, W. R. Swearingen, A. H. Bugh, Rachel Bradshaw, Alta Hicks, Carlie Holtzclaw, Mrs. M. Thomas, Marie Warren, Vessie Anderson, Janie Feland, W. E. Prewitt, Clara Goode.
Institute was opened at 1:30 with singing. Miss Pearl Phillips at the organ, after which County Supt. P. H. Taylor, of Casey, gave a very interesting talk, which was highly appreciated by the Institute. Instructor T. C. Cherry then discussed Psychology in a very entertaining manner. This subject being exhausted, that of Attention was introduced by Prof. E. L. Grubbs and discussed by the Institute. At this juncture a vote was taken and it was decided that the teachers remove to the court-house for the remainder of the session. Miss Blain appointed Prof. Cherry, Misses Kate Bogie, Lizzie Pettus, C. M. Young and Ware a committee on program and Misses Annie McKinney and Esther Burch and L. M. Lewis a committee to arrange for the entertainment Thursday night at the Opera House.

GENTLEMEN:—After cutting my corn last year off of a field that had a very heavy coat of grass on it, I took one of your
Superior Disc Grain Drills on Trial
And was so dissatisfied that I returned it to you. In justice to the Superior Drill Drill, I want to say I made
A GREAT MISTAKE!
Had I kept your Drill I would have made at least Five Bushels More to the Acre, or 150 more in the field. There was such a marked difference in the field that my neighbors asked why I used two kinds of seed wheat, when it was exactly the same seed; the difference was the way the Superior put the seed in. My regret is that I did not keep the Superior, as it was doing
MUCH BETTER WORK
Then I was giving it credit for and I am free to say it is the best Drill ever offered to our farmers.
